Glossary

ADMINISTRATIVE - a category of personnel defined by the Florida Community College System which includes persons whose assignments are planning, organizing, and managing the institution or a subdivision within the institution. Officers holding such titles as President, Vice President, Provost, or Department Deans are reported here.

ASSOCIATE IN ARTS - a degree program designed to provide the freshman and sophomore levels of education to students intending to transfer to an upper-division institution.

ASSOCIATE IN APPLIED SCIENCE/ASSOCIATE IN SCIENCE - degree programs designed to prepare students for employment in a vocational technical career without subsequent upper-division training.

ADVANCED & PROFESSIONAL (A & P) - a subfunction of the Information Classification Structure (ICS) that includes courses and instructional programs designed to provide the first two years of course work for transfer to an upper-division institution. This includes all courses and disciplines in the Associate in Arts degree program.

AVERAGE AGE - two measures are utilized in the Statistical History to determine the average age. The MEAN age is obtained by computing the arithmetic average of all the Valencia students' ages. The MEDIAN age is obtained by creating a list of the ages of all the students in numerical order. The total number of students is divided by 2. The resulting quantity (rounded up to the next integer value if necessary) will be called position X. Starting from either end of the list and counting up or down to X, the middle age is found, corresponding to position X. That is the MEDIAN. For example, if there were 7 students and the list of their ages looked like this: 17 17 18 18 18 19 19, the median would be 18 (the second of the three 18's, in the fourth, or middle, position).

CLAST (College Level Academic Skills Test) - an achievement test administered to sophomores enrolled in community colleges and universities which measures skills in Reading (R), Writing (W), Essay (E), and Computation (M).

COLLEGE PREPARATORY - a subfunction of the Information Classification Structure (ICS) that includes courses designed to meet the academic needs of educationally disadvantaged students. These courses are intended to bridge the gap between secondary school and college for students with specifically identified deficiencies. The courses are credit earning but do not apply toward any associate degree.

CONTINUING WORKFORCE EDUCATION (CWE) - Senate Bills 1688 (1997 Legislative Session) and House Bill 1124 (1998 Legislative Session) established a different type of funding system and terminology for courses and programs that are designed to prepare students for vocational employment and/or to enhance the specific skills and knowledge of students already employed in the workforce. The Continuing Workforce Education (CWE) segment of these bills includes noncredit courses designed for students who are already employed when they enroll at the college and who have the objective of enhancing specific vocational abilities. This group of students was formerly termed as "Supplemental" enrollments.

CPT (Computerized Placement Testing) - an entry-level placement test administered to incoming freshmen that identifies specific remediation needs. Subtests include Reading (R), Sentence Structure (W), Arithmetic Skills (M), and Elementary Algebra (A). College Level Math (I) is optional. CPT is the primary test used by Valencia for entry-level testing. ACT or SAT scores above designated levels may also be used.

CRIMINAL JUSTICE INSTITUTE – located at 8600 Valencia College Lane, Orlando, Florida. This facility houses law enforcement programs.

DAY STUDENT - students are categorized as day students if they are enrolled in courses that meet during the day. Counts are unduplicated during the day; however, students may also be counted as an evening student if they are also enrolled in night courses.

DISCIPLINE - a subfunction of the Information Classification Structure (ICS) that classifies and groups courses (according to their subject matter content) into specific clusters. (For example: 1.16 is Mathematics, 1.23 is Health, etc.) Several degree programs may be included in a single discipline.

DTC (DOWNTOWN CENTER) – located in the Chicone Building at 190 South Orange Avenue, Orlando, Florida. This center houses the offices for Valencia’s Administration, the Valencia Foundation, and the Alumni Association.

DUAL CAMPUS - refers to those students who are taking courses on more than one campus in a given session. Students may conceivably be attending classes on East, West, Osceola, and Winter Park Campuses.
