

ENTERTAINMENT DESIGN AND TECHNOLOGY

Associate in Science Degree (and related Certificate)

Valencia's Entertainment Design and Technology degree program is one of only a few in the nation and the only one in Central Florida that prepares students to work in the production aspects of the entertainment industry. It's goal is to produce skilled designers and technicians for all facets of the live entertainment industry. Students have an opportunity to specialize in Production Design or Live Show production. This degree prepares students to function independently and as part of a creative team in the preparation and production of live shows for concerts, theatre, theme parks, and corporate presentations. With Orlando serving as the "undisputed entertainment capital of the world," and with area businesses predicting continued growth, exciting career opportunities abound for Valencia grads.

For a Jump Start on a Great Career...

Take the fast track toward reaching your career goals with one of our certificate programs. Designed to equip you with specialized skills for immediate employment, these programs typically do not contain general education courses, but rather courses related to your degree. They can also be combined with other certificates in the same program, like building blocks, to help you progress toward completing your A.S. degree.

- Entertainment-Stage Technology (17 credits)

Potential Careers

- Lighting Technician
- Technical Director
- Stage Manager
- Sound Technician
- Scene Designer
- Lighting Technician
- Audio/Visual Technician
- Set Design Assistant
- Scenic Carpenter
- Sound Effects Specialist
- Production Manager
- Scenic Technician

Potential Earnings

\$25,000 - \$50,000 per year

Ms. Erica Reynoso <i>Career Program Advisor</i>	East Campus: 407-582-2352 e-mail: ereynoso@valenciacc.edu
Wendy Givoglu <i>Interim Dean</i>	East Campus: 407-582-2338

A.S. to Bachelor's Degree Career Path...

Now the A.S. degree has a career path to continue to a Bachelor's degree. All of Valencia's A.S. degrees will transfer into the new B.A.S. program at UCF's regional campuses, as well as other universities. The B.A.S. degree has seven different tracks you can specialize in – and the cool thing is, the specialization you major in does not have to be in the same area as the A.S. degree.

Check it out at regionalcampuses.ucf.edu/bas

The Internship & Placement Office

is available to assist you in locating an internship or job resources.

ENTERTAINMENT DESIGN AND TECHNOLOGY

Entertainment Design and Technology with Specializations in:

Live Show Production

Production Design

Associate in Science Degree

This program is designed to produce skilled designers and technicians for live entertainment and theatrical events. Students will specialize in Production Design or Live Show Production. The curriculum will prepare students to function independently or as part of a production team in the preparation and production of live shows for concerts, theatre, theme parks, and corporate presentations.

Several Florida public universities recently have begun to provide opportunities for A.S. degree graduates to pursue a bachelor's degree. Information about such opportunities, including those at the University of Central Florida, is found in the Introduction to this catalog section. Students who want to continue their education should contact their university of choice.

Students are strongly encouraged to consult a career program advisor in the department office for assistance in determining the best education plan for their career goals.

Although scheduling may not always provide for the following progression of courses, students should use the foundation, intermediate and advanced course sequence as a guide in program planning.

All degree-seeking students must satisfy entry testing requirements and satisfactorily complete all Mandatory Courses in reading, student success, mathematics, English, and English for Academic Purposes in which the student is placed.

FOUNDATION COURSES

Course	Title	Credits
+* ENC 1101	Freshman Composition I	3
THE 1020	Introduction to Theatre	3

² TPA 2292 must be repeated for a total of 6 credit hours.

Specialized program courses are offered on the East Campus. General Education courses are in bold print in the course listing.

This A.S. degree is transferable to UCF's regional campuses offering the B.A.S. degree. Check with UCF regional offices for their local campus offerings. The degree may also be transferable to B.A.S. programs offered by USF and Daytona State College. Check with USF and Daytona State College for acceptance of this degree.

Students will be required to take 36 credit hours of General Education courses to earn a Bachelor of Applied Science (B.A. S) degree from UCF.

To graduate from UCF's B.A.S. program, students will also have to fulfill the state's foreign language requirement which is as follows: Two years of the same high school foreign language or two semesters of the same college-level foreign language.

[^]If you are planning on enrolling in UCF's Bachelor of Applied Science (B.A.S.) program, it is recommended that you take PSY 1012 General Psychology.
