

LEARNING OUTCOMES

Political Science/Economics/CJI/Paralegal

Jared Graber / Tom Byrnes

Consensus

1. Demonstrate Valencia's four Core Competencies in their programs of study.
2. Demonstrate knowledge, skills, and abilities to enhance and promote lifelong learning and ethical practices.
3. Recognize and critically evaluate the impact of legal, economic, and political systems on society.

Next Steps:

How should these be assessed?

LEARNING OUTCOMES

Political Science/Economics/CJI/Paralegal

Political Science

1. Students will demonstrate VCC's four Core Competencies as related to the structure and functions of the 3 branches of government.
2. Students will be able to identify and explain the American values of liberty, equality, and other democratic ideals.

3. Students will be able to demonstrate a basic understanding of the U.S. Constitution.

Economics

1. To critically think about and evaluate the role of government in different economic systems and the costs/benefits of that role.
2. Demonstrate a conceptual understanding of trade or exchange.
3. Have the students demonstrate the economic perspective of cost /benefit analysis to their everyday decision-making processes.

CJI/Paralegal

1. Define career opportunities in the legal field in order to determine if this is the career they want to pursue.
2. For the students to demonstrate the skills necessary to perform successfully in an ethical manner.
3. Develop skills to become lifelong learners.

Parking:

1. Define career opportunities in the legal field in order to determine if this is the career they want to pursue.
