**Re:** Parking Lot Update

---

## **The reconstruction of the East Campus North Parking Lot is almost complete!**

The new and expanded lot features approximately 1600 parking spaces with easy access to and from campus. In addition, we'll have new lighting, signage, and space striping. To date, the plan includes the following:

- North Parking Lot [north of main entrance] - 1600 parking spaces
- Faculty/Staff spaces have increased to 690 campus-wide [20% of all parking]
- Increased Handicapped spaces
- Re-Engineered traffic flow in North Lot
- Improved/Expanded walking paths along North Lot
- New Signage - {See Below}
- New Lighting
- New Sealing/Striping
- Increased number of trees, plants, and shrubs

Please see the website to view three maps detailing all East Campus parking lots with color-coded keys. Our Security team will be monitoring the parking lots closely over the next few weeks as we all adjust to the new plan. If you have questions or concerns, please don't hesitate to connect with Roger Corriveau in the Provost Office. He can be reached at extension 2398 or at [rcorriveau1@valenciacc.edu](mailto:rcorriveau1@valenciacc.edu).

Have a great spring 2009 Term!
