## **October 21, 2008, 2008 Update**

Progress continues on our North Parking Lot! Contractors will begin paving the Phase 2 section of the north parking lot, Wednesday, October 22, 2008. This is the area currently under construction in front of Buildings 1 and 2.

**IMPORTANT NOTICE:** This portion of the lot will be completely blocked and closed to thru-traffic on Thursday, October 23 and Friday, October 24.

If you are planning to park in the new north lot, you will have to enter and exit at the new entrance at Valencia Garden Lane. If you are parked south of the Phase II construction site, you will need to enter and exit at either Valencia College Lane or the south exit.

We're fast approaching the start of Phase III, which will begin with the area just south of the current construction site, to Valencia College Lane. This area will be closed for construction following the completion of Phase II, sometime during the first week of November.

Many thanks for your continued patience and cooperation during this period of construction. We all look forward to the completion of this project sometime in December.

Ruth
