**Re:** North Parking Lot Update

---

## North Parking Lot Update

We have reached another milestone with the North Parking Lot Project. The stripers are putting the finishing touches on the Phase II lot today. This should be completed by Thursday/Friday and the lots in front of Buildings 1 and 2 will be reopened. Please be aware -- some of the spots are designated for faculty/staff and others are for general student use.

**IMPORTANT NOTICE:** Phase III, the last phase of the project, will begin on Monday, November 10. The area north of Valencia College Lane will be completely fenced off and closed to traffic and pedestrians from Valencia College Lane south to the new lot. As part of this phase, the boardwalk will be destroyed to make way for a pedestrian-friendly sidewalk.

The drop-off circle in front of the PAC, between Buildings 2 and 5, will remain open during most of the construction.

If you are planning to park in the new north lot (Phases I and II), please enter and exit at the new entrance at Valencia Garden Lane. The main entrance, at Valencia College Lane, will only give you access to the south parking lots.

We again thank you for your continued patience and cooperation during this period of construction. We all look forward to the completion of this project sometime in December.

If you have any questions or concerns, please don't hesitate to contact me.

Ruth
